

Letter of Recommendation

RE: Lani Almanza – Alaka’I Associates

It has been my honor to know and partner with Lani Almanza of Alaka’I Associates over the last 2 years. Her high level of leadership skills and business acumen are unsurpassed.

There is a true empathetic heart that guides her and draws people to her. An accomplished speaker, our Caregivers greatly benefit from her presentations and workshops.

She holds self-care and wellness as a priority. She lives in the positive accepting all challenges with grace and turning them into successes. She truly cares for people having an incredible affect all who meet her.

Lani has voluntarily accepted her current roles as Chief Operations Officer of Gimme A Break where her heart and experience are an asset to our organization. Her willingness to jump in and support all initiatives has helped us to achieve our mission to care for caregivers. She also volunteers as the of Editor and Writer for Givers Guides ONLINE magazine which reaches over 1,000 Caregivers each month.

Lani is intelligent, thoughtful, kind and caring! We could not do what we do without Lani on our Team!
